SPEAKER BIOGRAPHY

Andy is the founder Fort Leadership where he provides speaking, training, and coaching to individuals and teams in leadership and character development. These skills foster growth in corporate leadership, communication, and teamwork. His corporate experience and insights train leaders to develop healthy corporate cultures with team members who are motivated, engaged, and purpose driven resulting in increased employee retention, team performance, and revenue growth!

EVENT DESCRIPTION

Specialist in Personal and Professional Growth through character development for Entrepreneurs, Managers and Corporate Teams

Faith | Family | Finance | Fun | Fitness both Physical and Mental

By applying the principles of transformational thought in action, a person can indeed achieve a level of success that is truly fulfilling. Andy's talks are always engaging and thought provoking. He uses real life examples to illustrate his points, making his talks relatable and relevant to his audience. Andy has an energetic style. He has a knack for connecting with people on a personal level, making his talks even more impactful.

Transformational Thought in Action-discovering the map to your success!

In this talk, he shares his strategies for identifying and overcoming self-limiting beliefs, developing a growth mindset, and creating a plan for achieving your goals. He also discusses the importance of taking action and embracing failure as a necessary step on the path to success.

The 7 Levels of Character – creating a healthy corporate culture, one character at a time.

In this talk, Andy focuses on the importance of character development in achieving success. He discusses the power of positive thinking and visualization and provides practical strategies for developing and winning mindset that can help individuals overcome obstacles and achieve their goals.
