SPEAKING TOPICS

Stopping The Great Resignation of Teachers!

1. School leaders can empower teachers by giving them back their autonomy.
2. School leaders can help teachers want to stay by bringing them to the table when decisions are made.
3. School leaders can make teachers want to stay by taking care of their social and emotional wellbeing
4. New teachers will stay if they are members of a five-year new teacher support cohort.
5. Teachers are the heroes, the change agents and the glue that holds the educational system together.

Equity in the K-12 Classroom

1. All students can learn regardless of race, gender, social economic status.
2. A Teachers Biases can unintentionally impact instruction.
3. Implicit biases can have a negative impact on student achievement.

Every Student is Somebody!

1. A positive school climate and culture
2. Student Self-Esteem
3. Less behavior problems in schools
4. Empower students to believe they are somebody.
5. I Am Somebody Positive Affirmation Program
